SUMMARY

Senior Product Designer with 8+ years turning complicated rules and multi-step workflows into clear experiences for both the end users and the teams that serve them: healthcare professionals in emergency rooms, bank members and internal operations staff. I own design end to end, from problem definition and user research to prototypes, launch and iteration, and I connect design decisions to measurable outcomes: an emergency triage system adopted by 150+ hospitals, a discovery process that cut time-to-market by ~25% across 10 squads, and a design system that cut design time by ~30%. I prototype with AI tools (Claude Code, Codex, Google AI Studio). Based in Brazil, working with US teams daily. Fluent English.

EXPERIENCE

Senior UX Designer / Business Analyst Apr 2025 – Present
Integritas Solutions, Inc. · USA · Remote

- Design and specify digital banking features for US credit unions and a Brazilian federal bank, from discovery and requirements through handoff and UAT.
- Designed end-to-end experiences across Open Finance, PIX, lending, payments and account management, adapting each flow to its own business rules and regulatory context.
- Write the documentation engineering builds from (user stories, acceptance criteria, flows, edge-case scenarios and UI specs), cutting back-and-forth between design, product and dev.
- Contribute to the evolution of multiple design systems, keeping web and mobile channels consistent; also designed internal tools that support company operations.

UX Tribe Lead (promoted from UX/UI Designer) Aug 2022 – Mar 2025
Intmed Software · Brazil · Remote

- Designed an Emergency Triage System adopted by 150+ hospitals of Hapvida, the largest health plan in North/Northeast Brazil, improving patient flow and response times.
- Rolled out a structured product discovery process across 10 squads, reducing time-to-market by ~25%.
- Built and maintained the design system and style guides for six medical products, cutting design time by ~30%.
- Promoted to Tribe Lead after 7 months; mentored junior designers and defined the company's design process, raising team performance by ~20%.

Product Designer Jan 2022 – Aug 2022
Wipro · Brazil · Remote

- Redesigned interfaces and processes for Brazil's largest microcredit program, reaching 2M+ clients.
- Mapped the legacy system, designed new user flows and removed unnecessary clicks and barriers to key information.
- Standardized components, tokens and interaction patterns into a design system and wrote user stories with Product Owners.

UX/UI Designer Sep 2021 – Jan 2022
Public Security Secretariat of Ceará (SSPDS) · Brazil

- Redesigned three mission-critical systems used by 6,000 police officers.
- Designed a fines-control app for the State Highway Police using Component-Driven Design and WCAG accessibility practices.
- Led two designers in heuristic evaluations and user research that shaped the redesigns.

Product Marketing Analyst (and Intern) Mar 2020 – Aug 2021
SAS Educação · Brazil

- Designed and launched a marketing portal for 1,000+ partner schools: 4,456 page views and 498 downloads in the first month.
- Managed launch communication for two products; one launch enrolled 27 prospect schools in its first month.

UX/UI Designer & Researcher 2017 – 2019
Federal University of Ceará (UFC) · Brazil

- Eye-tracking and interaction research resulting in published papers; designed educational games for the Ministry of Education.

TEACHING & SIDE PROJECTS

UX/UI Design Instructor, TheStarter (Portugal) Jan 2024 – Present
Teach cohorts of ~20 students UX/UI fundamentals through two portfolio projects.

Co-founder & Lead UX Designer, Re.tifica Aug 2022 – Present

Social startup simplifying legal name and gender rectification for trans people; led research and testing to a 92.5 SUS score, plus an accessible design system.

AI Instructor, UFC Extension Course
Instructor in the Federal University of Ceará AI extension course.

EDUCATION

Postgraduate Specialization (MBA), User Experience Design and Beyond, PUCRS 2021 – 2022 · GPA 9.1/10
B.A. Systems and Digital Media, Federal University of Ceará (UFC) 2017 – 2021 · GPA 9.4/10

SKILLS

Design: End-to-end Product Design, UX Research (interviews, usability tests, field studies), Product Discovery, Complex & Edge-case-heavy Workflows, Interaction & Visual Design, Design Systems & Components (Figma), Prototyping (AI-assisted), Accessibility (WCAG), Journey Mapping, Workshop Facilitation
Product & BA: Requirements, User Stories & Acceptance Criteria, UAT, Agile/Scrum, Data Analysis, AI-assisted workflows
Tools: Figma, Miro, Zeroheight, Adobe CC (Illustrator, Photoshop, XD), Notion, Asana, Trello, HTML/CSS, Python, Looker Studio
AI: Claude, Claude Code, OpenAI Codex, ChatGPT, Gemini, NotebookLM, Google AI Studio, Google Stitch, Figma Make
Domains: Two-sided services & operations tools, Digital Banking & Lending, Healthtech, Government
Languages: Portuguese (native), English (fluent), Spanish (professional), French (basic)

AWARDS

- Top 10 University Students of the Year 2020, DSM & Enactus Brazil (led 39 students across 4 social-impact projects backed by Ford, KPMG, Sumitomo Chemical and Amanco Wavin)
- 3rd place, Design Competition, XVIII Brazilian Symposium on Human Factors in Computing Systems (IHC 2019)
