Espedito Roza

Senior Product Designer · Fintech, Payments & Complex Financial Flows · UX/UI

Fortaleza, Brazil (Remote, UTC-3) | +55 85 99973-3272 | espedito.mesquita@gmail.com
Portfolio: studiodito.co | linkedin.com/in/espeditoroza

SUMMARY

Senior Product Designer with 8+ years making complex financial products clear and trustworthy. I design and specify digital banking for US credit unions and a Brazilian federal bank: payments, PIX, Open Finance, lending and account management, including every transaction state, error and edge case, and I write the acceptance criteria engineers build from. I redesigned Brazil's largest microcredit program (2M+ clients) and built design systems for banking and healthcare. I prototype with AI-assisted coding (Claude Code, Codex, Google AI Studio) and know HTML/CSS. I teach in an AI extension course and care about how people trust AI agents with money. Fluent English.

EXPERIENCE

Senior UX Designer / Business Analyst Apr 2025 – Present
Integritas Solutions, Inc. · USA · Remote

- Design and specify digital banking features for US credit unions and a Brazilian federal bank, from discovery and requirements through handoff and UAT.
- Designed end-to-end experiences across Open Finance, PIX, lending, payments and account management, adapting each flow to its own business rules and regulatory context.
- Write the documentation engineering builds from (user stories, acceptance criteria, flows, edge-case scenarios and UI specs), cutting back-and-forth between design, product and dev.
- Contribute to the evolution of multiple design systems, keeping web and mobile channels consistent; also designed internal tools that support company operations.

UX Tribe Lead (promoted from UX/UI Designer) Aug 2022 – Mar 2025
Intmed Software · Brazil · Remote

- Designed an Emergency Triage System adopted by 150+ hospitals of Hapvida, the largest health plan in North/Northeast Brazil, improving patient flow and response times.
- Rolled out a structured product discovery process across 10 squads, reducing time-to-market by ~25%.
- Built and maintained the design system and style guides for six medical products, cutting design time by ~30%.
- Promoted to Tribe Lead after 7 months; mentored junior designers and defined the company's design process, raising team performance by ~20%.

Product Designer Jan 2022 – Aug 2022
Wipro · Brazil · Remote

- Redesigned interfaces and processes for Brazil's largest microcredit program, reaching 2M+ clients.
- Mapped the legacy system, designed new user flows and removed unnecessary clicks and barriers to key information.
- Standardized components, tokens and interaction patterns into a design system and wrote user stories with Product Owners.

UX/UI Designer Sep 2021 – Jan 2022
Public Security Secretariat of Ceará (SSPDS) · Brazil

- Redesigned three mission-critical systems used by 6,000 police officers.
- Designed a fines-control app for the State Highway Police using Component-Driven Design and WCAG accessibility practices.
- Led two designers in heuristic evaluations and user research that shaped the redesigns.

Product Marketing Analyst (and Intern) Mar 2020 – Aug 2021
SAS Educação · Brazil

- Designed and launched a marketing portal for 1,000+ partner schools: 4,456 page views and 498 downloads in the first month.
- Managed launch communication for two products; one launch enrolled 27 prospect schools in its first month.

UX/UI Designer & Researcher 2017 – 2019
Federal University of Ceará (UFC) · Brazil

- Eye-tracking and interaction research resulting in published papers; designed educational games for the Ministry of Education.

TEACHING & SIDE PROJECTS

UX/UI Design Instructor, TheStarter (Portugal) Jan 2024 – Present
Teach cohorts of ~20 students UX/UI fundamentals through two portfolio projects.

Co-founder & Lead UX Designer, Re.tifica Aug 2022 – Present
Social startup simplifying legal name and gender rectification for trans people; led research and testing to a 92.5 SUS score, plus an accessible design system.

AI Instructor, UFC Extension Course
Instructor in the Federal University of Ceará AI extension course.

EDUCATION

Postgraduate Specialization (MBA), User Experience Design and Beyond, PUCRS 2021 – 2022 · GPA 9.1/10
