

Espedito Roza

Senior Product Designer · Fintech & Payments · UX/UI

Fortaleza, Brazil (Remote, UTC-3) | +55 85 99973-3272 | espedito.mesquita@gmail.com

Portfolio: studiodito.co | linkedin.com/in/espeditoroza

SUMMARY

Senior Product Designer with 8+ years in fintech and other regulated products. I design and specify digital banking for US credit unions and a Brazilian federal bank, covering payments, PIX, Open Finance, lending and account management, and I redesigned Brazil's largest microcredit program (2M+ clients). I own work end to end: framing the problem, running research, designing within and evolving design systems, and staying with engineering through handoff and UAT. My Business Analyst background means my specs cover the edge cases real financial flows have. I use AI every day for exploration, prototyping, research synthesis and documentation. Fluent English, native Portuguese, professional Spanish.

EXPERIENCE

Senior UX Designer / Business Analyst

Apr 2025 – Present

Integritas Solutions, Inc. · USA · Remote

- Design and specify digital banking features for US credit unions and a Brazilian federal bank, from discovery and requirements through handoff and UAT.
- Designed end-to-end experiences across Open Finance, PIX, lending, payments and account management, adapting each flow to its own business rules and regulatory context.
- Write the documentation engineering builds from (user stories, acceptance criteria, flows, edge-case scenarios and UI specs), cutting back-and-forth between design, product and dev.
- Contribute to the evolution of multiple design systems, keeping web and mobile channels consistent; also designed internal tools that support company operations.

UX Tribe Lead (promoted from UX/UI Designer)

Aug 2022 – Mar 2025

Intmed Software · Brazil · Remote

- Designed an Emergency Triage System adopted by 150+ hospitals of Hapvida, the largest health plan in North/Northeast Brazil, improving patient flow and response times.
- Rolled out a structured product discovery process across 10 squads, reducing time-to-market by ~25%.
- Built and maintained the design system and style guides for six medical products, cutting design time by ~30%.
- Promoted to Tribe Lead after 7 months; mentored junior designers and defined the company's design process, raising team performance by ~20%.

Product Designer

Jan 2022 – Aug 2022

Wipro · Brazil · Remote

- Redesigned interfaces and processes for Brazil's largest microcredit program, reaching 2M+ clients.
- Mapped the legacy system, designed new user flows and removed unnecessary clicks and barriers to key information.
- Standardized components, tokens and interaction patterns into a design system and wrote user stories with Product Owners.

UX/UI Designer

Sep 2021 – Jan 2022

Public Security Secretariat of Ceará (SSPDS) · Brazil

- Redesigned three mission-critical systems used by 6,000 police officers.
- Designed a fines-control app for the State Highway Police using Component-Driven Design and WCAG accessibility practices.
- Led two designers in heuristic evaluations and user research that shaped the redesigns.

Product Marketing Analyst (and Intern)

Mar 2020 – Aug 2021

SAS Educação · Brazil

- Designed and launched a marketing portal for 1,000+ partner schools: 4,456 page views and 498 downloads in the first month.
- Managed launch communication for two products; one launch enrolled 27 prospect schools in its first month.

UX/UI Designer & Researcher

2017 – 2019

Federal University of Ceará (UFC) · Brazil

- Eye-tracking and interaction research resulting in published papers; designed educational games for the Ministry of Education.

TEACHING & SIDE PROJECTS

UX/UI Design Instructor, TheStarter (Portugal)

Jan 2024 – Present

Teach cohorts of ~20 students UX/UI fundamentals through two portfolio projects.

Co-founder & Lead UX Designer, Re.tifica

Aug 2022 – Present

Social startup simplifying legal name and gender rectification for trans people; led research and testing to a 92.5 SUS score, plus an accessible design system.

AI Instructor, UFC Extension Course

Instructor in the Federal University of Ceará AI extension course.

EDUCATION

Postgraduate Specialization (MBA), User Experience Design and Beyond, PUCRS

2021 – 2022 · GPA 9.1/10

B.A. Systems and Digital Media, Federal University of Ceará (UFC)

2017 – 2021 · GPA 9.4/10
