

Espedito Roza

Senior / Lead Product Designer · Lending & Regulated Financial Products · UX/UI

Fortaleza, Brazil (Remote, UTC-3) | +55 85 99973-3272 | espedito.mesquita@gmail.com

Portfolio: studiodito.co | linkedin.com/in/espeditoroza

SUMMARY

Product Designer with 8+ years making regulated, complex financial products simple and humane. I design and specify lending, payments, PIX, Open Finance and account management experiences for US credit unions and a Brazilian federal bank, and I redesigned the interfaces and processes of Brazil's largest microcredit program (2M+ clients), a mass-market audience much like INSS borrowers. I lead projects end to end with minimal supervision, from research and data to handoff, balancing legal constraints, business goals and design system standards. As UX Tribe Lead across 10 squads I defined the design process, mentored designers and influenced Product and Engineering decisions. I use AI daily in my workflow. Fluent English.

EXPERIENCE

Senior UX Designer / Business Analyst

Apr 2025 – Present

Integritas Solutions, Inc. · USA · Remote

- Design and specify digital banking features for US credit unions and a Brazilian federal bank, from discovery and requirements through handoff and UAT.
- Designed end-to-end experiences across Open Finance, PIX, lending, payments and account management, adapting each flow to its own business rules and regulatory context.
- Write the documentation engineering builds from (user stories, acceptance criteria, flows, edge-case scenarios and UI specs), cutting back-and-forth between design, product and dev.
- Contribute to the evolution of multiple design systems, keeping web and mobile channels consistent; also designed internal tools that support company operations.

UX Tribe Lead (promoted from UX/UI Designer)

Aug 2022 – Mar 2025

Intmed Software · Brazil · Remote

- Designed an Emergency Triage System adopted by 150+ hospitals of Hapvida, the largest health plan in North/Northeast Brazil, improving patient flow and response times.
- Rolled out a structured product discovery process across 10 squads, reducing time-to-market by ~25%.
- Built and maintained the design system and style guides for six medical products, cutting design time by ~30%.
- Promoted to Tribe Lead after 7 months; mentored junior designers and defined the company's design process, raising team performance by ~20%.

Product Designer

Jan 2022 – Aug 2022

Wipro · Brazil · Remote

- Redesigned interfaces and processes for Brazil's largest microcredit program, reaching 2M+ clients.
- Mapped the legacy system, designed new user flows and removed unnecessary clicks and barriers to key information.
- Standardized components, tokens and interaction patterns into a design system and wrote user stories with Product Owners.

UX/UI Designer

Sep 2021 – Jan 2022

Public Security Secretariat of Ceará (SSPDS) · Brazil

- Redesigned three mission-critical systems used by 6,000 police officers.
- Designed a fines-control app for the State Highway Police using Component-Driven Design and WCAG accessibility practices.
- Led two designers in heuristic evaluations and user research that shaped the redesigns.

Product Marketing Analyst (and Intern)

Mar 2020 – Aug 2021

SAS Educação · Brazil

- Designed and launched a marketing portal for 1,000+ partner schools: 4,456 page views and 498 downloads in the first month.
- Managed launch communication for two products; one launch enrolled 27 prospect schools in its first month.

UX/UI Designer & Researcher

2017 – 2019

Federal University of Ceará (UFC) · Brazil

- Eye-tracking and interaction research resulting in published papers; designed educational games for the Ministry of Education.

TEACHING & SIDE PROJECTS

UX/UI Design Instructor, TheStarter (Portugal)

Jan 2024 – Present

Teach cohorts of ~20 students UX/UI fundamentals through two portfolio projects.

Co-founder & Lead UX Designer, Re.tifica

Aug 2022 – Present

Social startup simplifying legal name and gender rectification for trans people; led research and testing to a 92.5 SUS score, plus an accessible design system.

AI Instructor, UFC Extension Course

Instructor in the Federal University of Ceará AI extension course.
